SUMMARY

Full Stack Web Developer with a history in commercial real estate and analytic philosophy. Keenly aware of the language and needs of business stakeholders, and also very technically proficient with Javascript. Recognized among recent product owners for quick debugging, deep understanding of an app's logic and creative solutions for difficult functionality.

TECHNICAL SKILLS

MERN Stack (MongoDB, Express, React, NodeJS), Apollo GraphQL, REST APIs, CSS, SASS, Git, Heroku, Docker, Typescript.

PROJECTS

PuxHub

Code: <https://github.com/JoeChristianson/PuxHub>

Live App: <https://www.puxhub.com/>

- Single page website builder with quick setup and very intuitive editing. Pages are built using modular section rows that allow what you see is what you get editing for turning sections on and off, reordering them, changing out content, and editing styles. Currently two templates are live, but others are currently underdevelopment. The app has some active users and can take subscription payments through Stripe.
- Developed Individually
- MERN Stack, Typescript, Stripe, Jest, JWT, Google OAuth, SASS.

Pebbo

Code: <https://github.com/JoeChristianson/Pebbo>

Live App: <https://pebbo.herokuapp.com/>

- A positive psychology app with daily queues, habits, assessments, and to-do lists.
- Developed Individually
- Tools: MongoDB, Express, GraphQL, Node, React

Stripegoose

Code: <https://github.com/JoeChristianson/Stripe-Goose>

NPM page: <https://www.npmjs.com/package/stripe-goose>

- NPM library for using Stripe API with Mongoose document.
- Developed Individually, currently employed in an e-commerce application
- Tools: Node, Stripe

EXPERIENCE

ThingBits/Magic Lime

Minnetonka, MN

Web Developer - Contract

September 2022

Wrote code and documentation for an internet of things startup. Helped debug compilation issues for different Operating Systems.

Key Accomplishments:

- Created their website using an unfamiliar static site generator, Hexo, in under a day.
- Created majority of MQTT routes for their sensor application.

Ramses, Inc

Remote

Web Development Intern

June 2022 - Current

Wrote code for an e-commerce application, which uses Next.js and a MERN stack. All development has been done in Docker Containers

Key Accomplishments:

- Created site's map search page and respective backend code, implementing separate map and geo-caching APIs.
- Began application's transition to Typescript.

Paces Lodging Corp./Christianson Companies

Fargo, North Dakota

Acquisitions / Real Estate Analyst / Leasing Coordinator (Commercial) 2012 – 2022
Development Manager (Self-Storage) 2011 - 2012

Found Prospective Commercial Real Estate Acquisitions, performed due diligence, wrote Pro Formas, submitted loan application materials for funding, negotiated LOIs, Purchase Agreements and Tenant Leases.

Key Accomplishments:

- *Central in development of a large scale self-storage facility (securing funding, planning layout, contracting labor and materials).*
- *Coordinated the purchase of multiple retail centers, office buildings and industrial spaces.*
- *Created investment packages and corporate documents for successful investment funds.*

EDUCATION

2020 - Boot Camp Certificate: University of Minnesota, Minneapolis, MN
